

A-Z Entertainment

Technical Information

In order to have a smooth running and entertaining show we would appreciate it if we could have access to the following:

Arrival time: Approximately one hour prior to performance

Needed: A stage riser is preferred, a minimum of 16' wide x 10' deep area is needed. A gym floor will do if this is not available

Two 20-amp wall sockets

The audience is to be seated on the floor in sections by grade, with aisles.

It is helpful to provide the emcee with a listing of student names, divided by grade.

Please contact Class Act if you have any questions or cannot provide any of the above so that other arrangements can be made. Thank You!
