He has disappeared from coast-to-coast! David Seebach brings a seldom-seen elegance, lots of charm and class to the stage with his signature style of mystery, wit and a commanding stage presence. Whether it’s for school children or business professionals, shows are always customized to suit any venue.

The Mentalist & Clue

Explore the mysterious “sixth sense” that resides somewhere in everyone’s skull with David Seebach’s Exceptional Sensory Performance. Sly, sharp and sophisticated, he will predict the decisions that you freely make; recreate writings from a century ago and virtually read your mind!

Experience the stage-sized version of the board game “Clue” where volunteers become Prof Plum, Miss Scarlet and other suspects. Six little coffins are introduced and there’s a familiar weapon in each. Large floor plans of the rooms in Mr. Boddy’s mansion are introduced and then, with a roll of a very large die, the game is afoot! Fun, nostalgic and a mind boggling climax.

Illusions of the Night

Everyone will enjoy the tricks and treats that David has woven into his acclaimed Halloween-themed stage show, offering thrills, chills and lots of laughs. With lovely assistants and eye-popping seasonal costuming, this show elicits humor and a touch of the macabre.

Other HOLIDAY THEMED Performances are also available. David Seebach’s HALF TIME SHOW has entertained many NBA and College audiences.

“David and his staff were very professional and the crowd loved the performance. Great Half Time Show!”
Ryan Chenault, Athletics Northwestern University Evanston, IL

For Schools and Libraries:
The Kalapriya Dancers bring myths and stories from ancient India to modern times. Using hand gestures, facial expression, rhythms and counter rhythms with bells on their feet, brilliantly costumed performers showcase classical Indian dance Bharata Natyam. The stories passed down through oral traditions for centuries are narrated and performed by the dancers.

Concert Performances:
Internationally acclaimed Artists Pranita Jain and Lyon Leifer bring the timeless tradition of classical Indian performing tradition alive in this production called "Ragamala". In Ragamala the connection and dialog between Indian music, artwork, and dance developed. Ragamala means a beaded string of musical melodies where each melody is associated with a particular mood or time of the day or season. Through the art of classical Indian dance, with its symbolic body stances, hand gestures and facial expression, Pranita Jain brings to life these paintings to the melodiouls music of Lyon Leifer.

"Pranita is a dance artist of the highest caliber. I am always impressed with the extraordinary poeticism and delicacy of her work. She gave extremely clear, in-depth explanations of the complex meanings behind the Indian dances she performed.”

Novel Ideas is an educational theater troupe that uses improvisation to educate, excite and inspire creative writing. With lots of audience participation, props and costumes, Novels Ideas’ players dramatize children’s thoughts, ideas and original writings. Creative thinking and imagination are fostered as children construct their own piece of literature. Students will then see their creations come to life with comedy, drama, audience participation and other theatrical elements.

**Premier Program**

*Novel Ideas’ Premier Program* introduces children to the elements and construction of a story. Through improvisational exercises, audience members contribute to the production of an original and hilarious presentation.

**Encore Program**

*Novel Ideas’ Encore Program* involves a return-performance by the actors to perform some of the original writings from the students. Stories are performed in such styles as mystery, opera, and silent film. The result is always an energetic, hysterical and exciting educational performance.

Shows can be performed as a two-part program or a one-time event.

Experience Live Theatre’s link between audience and actor with the fun-filled thrill of Freestyle Repertory Theatre. From 50 people at a Saturday evening coffee house in a no-holds-barred contest or 500 kids in a public school gym, FRT’s professional Improvisational actors skilfully guide young people through challenges of teamwork, literary styles, and historical periods through their suggestions and participation. A completely spontaneous and wildly unpredictable, live, outrageous on-stage performance.

Since 1980 Freestyle Rep has performed their theatrical improvisation on and off Broadway theatres of New York City, and at schools, libraries and camps.

FRT is focused on programs for children & families. We feel a theatre company must present only its best work to children, for the same reason that one hopes children are fed only the best food: to nourish them as they grow — in this case, to nourish a developing understanding & appreciation for Theatre. The performances introduce thousands of students to the excitement of live theatre at their schools & community centers.

On the surface EnviroDrum is a percussion group comprised of professional musicians who have a passion for music and an eye for engaging performance. The group takes their love of music and couples it with a desire for preserving the environment.

The founder of the group, Jeff Salem, is a professional percussionist from Toronto, Canada. Jeff yearned to spread environmental awareness in his community and felt strongly that if he appealed to the young generation he could start a grassroots movement. His way of spreading that awareness was simple: percussion.

EnviroDrum uses strictly recyclable products as percussion instruments. To complement their rhythm section, keyboards and vocals are added.

The 3R’s “REDUCE, REUSE & RECYCLE” and the value, fun and excitement of learning to play a musical instrument are coupled with entertaining moments when the group performs different styles of music, and explanations of rhythms, beats and pitch.

Upon request, they will also touch on topics specific to a schools’ musical program.

Workshops are also available. Topics include how to make percussive instruments from recyclable items and how to make music in a group setting. A performance composition will be created in each workshop.

Shows are perfect for schools, festivals, and corporate companies.

What is a Comedy Stage Hypnosis Show? The Stage Hypnosis show is a fun, fast paced, tastefully delivered program designed to generate audience participation. The show begins with a short introduction to Stage Hypnosis that gets everyone excited to be a part of the show.

After the introduction, more people will want to volunteer than are necessary, but 12-20 lucky volunteers will be invited to take a seat on the stage. The committee of volunteers are rapidly hypnotized to a nice, deep, and natural state of hypnosis, and the fun begins!

The hypnotic state creates a sense of heightened awareness that brings out the best in the volunteer performers. The committee members role-play in various comedy routines that are designed to have your audience doubled over with laughter!

You will see your audience volunteers “lose” their bellybuttons and even jump up and down convinced that they have “won the lottery!” Everyone will be thrilled with the show and depart with wonderful memories and a sincere appreciation of your quality event.

Always performed with dignity and appreciation for audience’s self esteem, no one is ever embarrassed. Erick’s hypnosis show is outrageously popular with high school and college audiences and will likely be the most anticipated campus event of the year!

“...we’ve booked some very exciting acts over the years, but it appears that your stage hypnosis show has taken the top spot in the eyes of our employees...they loved it.”

David Gebhart, Thompson Cigar Co, FL

It's fast, it's funny, and totally relevant to your group. Perfect for any event where you want entertainment that leaves people laughing while offending no one. Comedy Sportz is versatile, and can play anywhere from 15 to 90 minutes, in rooms ranging from giant convention center halls, gymnasiums and concert stages to intimate corners of your local restaurant.

“The ComedySportz troupe was professional, easy going and very approachable. Constant audience participation throughout the show. Definitely an act we would like to see again.”

This team of amazingly talented gymnasts has more global experience under their belts at a young age than the air turbo rockets they are named after! Individually these athletes are Guinness Record holders, stunt doubles for the movies, former Harlem Globetrotters, and all currently either head up or perform for NBA dunk teams, including the Orlando Magic, Washington Wizards, Charlotte Bobcats, Atlanta Hawks and Utah Jazz. They have propelled their way around the world on several occasions.

As these Turbo Dunkers catapult off their trampolines they reach amazing heights, flipping and twisting their bodies while driving a basketball through the hoop with power, precision, finesse and break neck speed.

This is a show sure to deliver a Turbo Slam Dunk.

“The guys did a phenomenal job. Thanks for such an exciting show.”
